## Student Life Centers

The Student Life and Leadership Development department is your starting point for getting connected with student organizations, clubs, volunteerism, and recreational events. Student Life also provides students with opportunities to develop leadership skills through the "Leadership 'n' Life" series and gain valuable experience in civic engagement through service learning, learning communities and volunteerism activities. Additionally, many of the programs cover topics and issues that may satisfy Communications or Humanities assignments. Each campus features group study areas, comfortable furniture, meeting rooms, television, and table games, and several feature table tennis and billiards. They are also your starting point for getting involved on campus through student government, activities and events, clubs and organizations, recreation and intramurals! Do you have a talent? Opportunities exist in drama, Brain Bowl, intramural and recreational tournaments, mathematics, music, photography and student leadership, as well as a number of intercollegiate athletic teams. ## Leadership 'n' Life Series: Dave Kelly Servant Leadership for Students

Dave Kelly is the leading authority on Student Leadership and Community Service on college campuses today. As a professional trainer, motivator, and servant leader, Dave is an expert on all aspects of running and leading campus organizations and developing the character of a servant leader. The program addresses the oft-quoted student issue that, "I DON'T HAVE TIME" by showing students how little things like making peanut butter and jelly sandwiches, picking up pieces of trash and crafting 'boo-boo bunnies' can have a big return – and a big impact on a community in need. Our students will be inspired to take on bigger things and bigger projects as a result of their participation in and successes from small projects, and students who are otherwise not engaged will get engaged. Our students will see leadership from the perspective of 'servanthood' and learn to lead with the head, the eyes, the hands, the feet and most importantly, from the heart. They'll learn what it means to be someone who leads by putting others above themselves.

## CAMPUS VOICE

The Campus Voice is Florida State College at Jacksonville's student newspaper... planned by students, written by students, edited by students and designed by students.

How can you get involved? Write us a letter. Want to air your opinion? Send a letter to the editor; maybe you'll see it printed on the editorial page. Want to be more involved than that? Volunteer to write an article, cover a game, take pictures, draw a cartoon, or design a page. No experience is needed because we'll help you over the rough spots. All it takes is a word from you. Or better yet, compete for a job. The jobs range from editor to office manager. For most of them you'll need either a journalism course or newspaper experience. The pay ranges from scholarships to weekly wages and its great experience.

Drop by The Campus Voice newsroom at South Campus M-2. Can't make it by? Write the Campus Voice at 11901 Beach Blvd, Jacksonville, FL 32246. Or see the newspaper online at [www.campusvoiceonline.com](http://www.campusvoiceonline.com) or e-mail [campusvoice@fscj.edu](mailto:campusvoice@fscj.edu).

# Make a Plan for Success

Every year the College focuses on a different area in which we can better assist you, our students. The College is preparing to roll out a new effort, over the next five years, called the Quality Enhancement Plan (QEP), but what it means for you is that we want to help you Make a Plan (MAP) for Success! Our goal is help you map your success while enhancing your knowledge of academic planning and the resources necessary for collegiate success. We also want to help you successfully complete your college-credit math and English courses in your first two semesters with us.

If this is your first time in College, we'll be mapping your success with you as you work through your first-year college-credit math and English courses. You'll receive enhanced information about academic planning and have the opportunity to draft your personal Academic Degree plan, your MAP to success. In Fall 2013, we will pilot the QEP with a small group of students. In 2014, we will proceed with full implementation, and you may be contacted to participate. Get ready to Make a Plan for Success!
